

1898 NCR Catalogue
Section on Class 79 Total-Adding Check and Detail Printing Registers
From \$175 to \$375

Ed- Note these are the early versions of the 400 class crank registers and are before the renumbering of 1908 and are thus only 2 digit model numbers. Most of these are fairly rare. Note the ones with clocks and partial printers and these are very desirable. Also, note the difference in the scroll case versus the Empire case that replaced scroll.

No. 75 Total-Adding Cash Register. CHECK PRINTING.

Ed- Note this plain case register is rare I have never seen one. This is only true for model #75.

Dimensions: 18 1/4 inches wide, 15 inches deep, 22 1/2 inches high.

Nineteen registering Keys.

Registers amounts from five cents to \$9.95.

Will be equipped with "No Sale" key when ordered.

When desired, special keys may be substituted for keys showing amounts.

In addition to indicating the amount of the sale, this register automatically prints upon a short paper check the consecutive number and the amount of the sale, or prints upon a detail strip (within the register) the amount of each transaction, but will not do both.

Enameled metal case.

Adding mechanism cannot be reset to zero.

Page 104

No. 76 Total-Adding Cash Register. CHECK PRINTING.

Dimensions: 18 1/4 inches wide, 15 inches deep, 22 1/2 inches high.

Ed- Note this plain case register is rare I have never seen one. This is only true for model #76.

Twenty-seven registering keys.

Registers amounts from one cent to \$9.99.

Equipped with special "No Sale" key.

Special keys may be substituted for keys showing amounts.

In addition to indicating the amount of the sale, this register automatically prints upon a short paper check the consecutive number and the amount of the sale, or prints the amount of the sale upon a detail strip, but not both.

Enameled metal case.

Adding mechanism cannot be reset to zero.

Page 105

No. 78 Total-Adding Cash Register. CHECK OR DETAIL PRINTING.
EMPIRE DESIGN CASE

Dimensions: 18 3/4 inches wide, 15 1/8 inches deep, 24 inches high.

Thirty-six registering keys.

Registers amounts from one cent to \$99.99.

Special keys may be substituted for keys showing amounts.

At the same operation, in addition to registering the amount of the sale, it

(1) Prints the amount of each sale upon a continuous detail strip of paper inside of the register or,

(2) When desired and so ordered, prints upon a paper check number of the check, and the amount, the date, the consecutive number of the check, and the name and address and business of the proprietor.

It will not print both the check and detail strip.

High-grade case, Empire design.

With all latest improvements.
