

NCR catalogue from around 1909

Editor- 300 class total adders most in the Dolphin style cases.

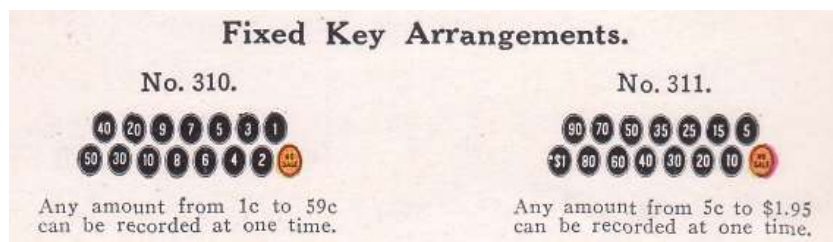

No tops signs shown.

Press-down-key Total Adder.

No. 310 or No. 311. Price, \$30.

Ed- this shows the dolphin pattern and the plain solid top and plain metal shelf above the drawer. Earlier ones had pattern on these two surfaces and are worth a lot more but are still fairly common. Note this one does not show the Dolphin top sign.

The above register is operated by pressing down one or more keys, and does 7 things in one second:

1. Drops the indicator.
2. Raises another
3. Rings a bell.
4. Unlocks cash drawer.
5. Throws it open.
6. Adds sales in one total.
7. Resets mechanism for new record.

Figures on the self-totaling counter show you, at a glance, how much money should be in your cash drawer. No need of writing down and adding up amounts at the close of business.

No register we make will give you longer service than this one. But other registers, such as the No. 312 and No. 316, have improvements which you will do well to consider.

Our registers are guaranteed for two years, but are so well built they should last a lifetime.

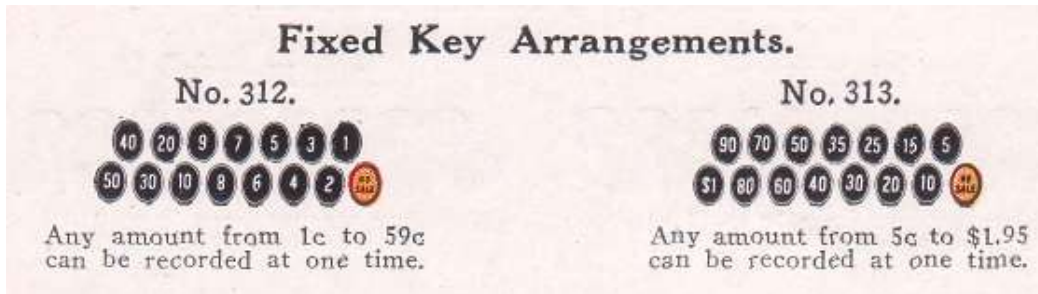

What is good for more than a million merchants is good for you.

NCR catalogue from around 1909

Improved Press-down-key Total Adder.

No. 312 or No. 313. Price, \$45. Dolphin Pattern Nickel finish.

The above register is operated by pressing down one or more keys, and does 7 things in one second:

1. Drops the indicator.
2. Raises another.
3. Rings a bell.
4. Unlocks cash drawer.
5. Throws it open.
6. Adds sales in one total.
7. Resets mechanism for new record.

This register is high in quality and low in price. It has a glass top; bronze cabinet, heavily nickel-plated; vitrolite slab for testing coins, and lid counter, showing whether records have been tampered with.

It is easy to operate and is correct to the cent always. It shows, at a glance, exactly how much money should be in the drawer. This saves time and work.

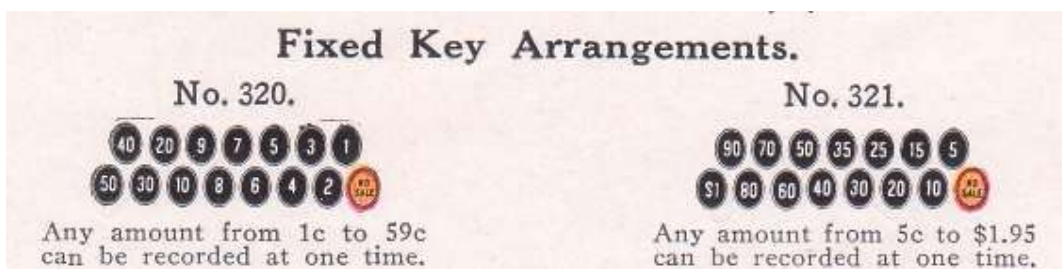

Every register is made of the best material by experienced workmen, and is guaranteed for two years.

For, every dollar you pay, we return many dollars in value,

Press-down-key Total Adder.

No. 320 or No. 321. Price, \$45. Dolphin pattern with Metal pattern shelf.

The above register is operated by pressing down one or more keys, and does 7 things in one second:

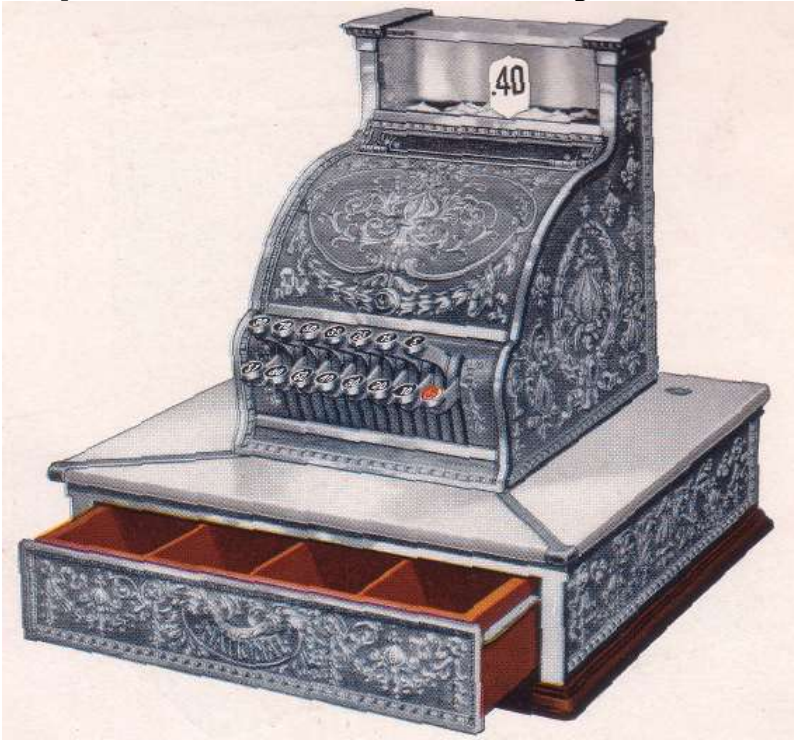

1. Drops the indicator.
2. Raises another.
3. Rings a bell.
4. Unlocks cash drawer.
5. Throws it open.
6. Adds sales in one total.
7. Resets mechanism for new record.

The roomy cash drawer of this register is convenient for handling change and prevents mistakes.

The amount of money in the drawer must agree with the amount shown on the self-totaling counter. Only the proprietor has access to this totaled record, which shows if mistakes have been made. This Total Adder is better than a Detail Adder, but it lacks the improvements on our up-to-date registers.

Although extremely low, in price, this register is made of the best material by experienced workmen. Any register you buy will give you the best of service.

Improved Press-down-key Total Adder.

No. 322 or No. 323. Price, \$60. Dolphin pattern with marble shelf.

Fixed Key Arrangements.

No. 322.

40	20	9	7	5	3	1
50	30	10	8	6	4	2

Any amount from 1c to 59c
can be recorded at one time.

No. 323.

90	70	50	35	25	15	5
\$1	80	60	40	30	20	10

Any amount from 5c to \$1.95
can be recorded at one time.

The above register is operated by pressing down one or more keys, and does 7 things in one second:

1. Drops the indicator.
2. Raises another.
3. Rings a bell.

4. Unlocks cash drawer.
5. Throws it open.
6. Adds sales in one total.
7. Resets mechanism for new record.

This register enables you to balance the day's business quickly, saves time, and is a convenience.

This register has all the improvements the No. 312 or No. 313 has. In addition, it has a roomy cash drawer. The self-totaling counter shows you, at a glance, how much money should be in your cash drawer. But the register lacks the detail-strip, which is so valuable to merchants. All material used in our registers is of the best quality, thoroughly tested for strength and durability.

Buy now before we are overcrowded with orders.

Improved Press-down-key Total Adder.

No. 332 or No. 333. Price, \$65. Dolphin pattern.

Fixed Key Arrangements.	
<p>No. 332.</p> <p>Any amount from 1c to \$3.99 can be recorded at one time.</p>	<p>No. 333.</p> <p>Any amount from 5c to \$1.95 can be recorded at one time.</p>

the above register is operated by pressing down one or more keys, and does 7 things in one second:

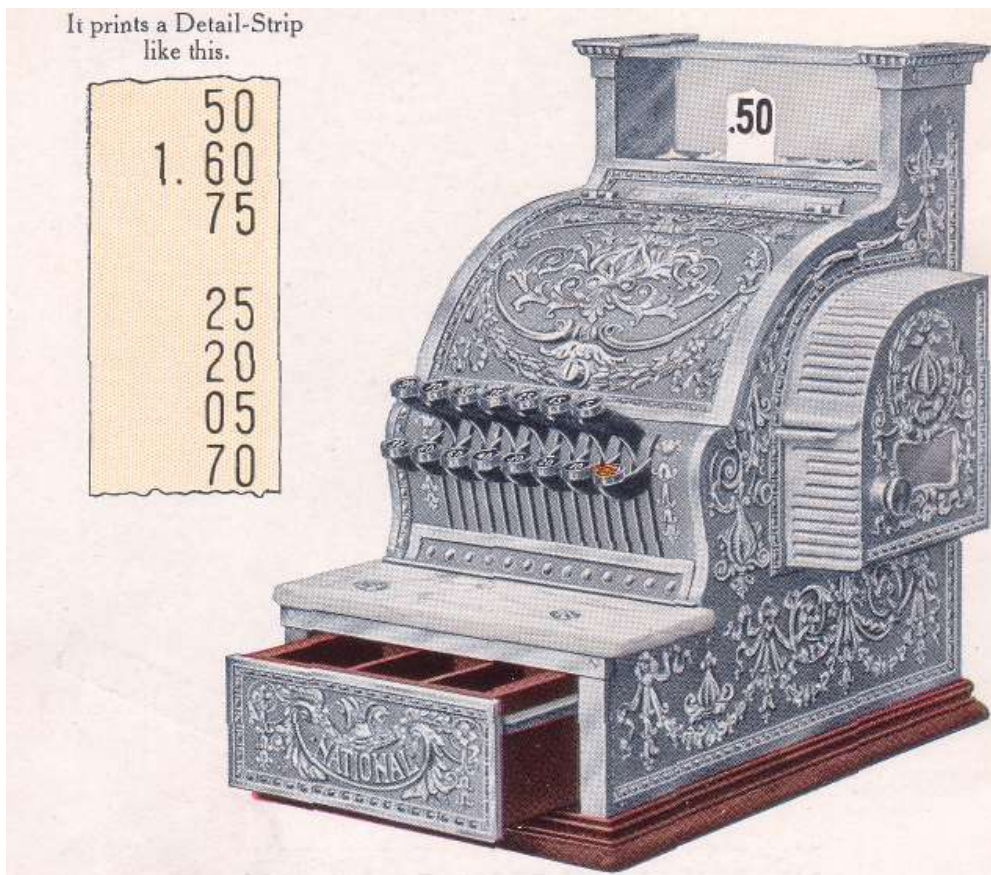

1. Drops the indicator.
2. Raises another.
3. Rings a bell.
4. Unlocks cash drawer.
5. Throws it over.
6. Adds sales in one total.
7. Resets mechanism for new record.

Sales are added up mechanically beyond the control of the person operating the register. The totaled records, showing the amount of money which should be in the cash drawer, are accessible to no one except the proprietor.

We thought this register was a wonder, but the merchants wanted a detailed record of every sale. We gave them this in our Detail Strip Printers, shown on the following pages.

Our registers are guaranteed for two years, but are so well built they should last a lifetime. A National pays for itself out of part of the money it saves.

Improved Press-down-key Total Adder. Detail-Strip Printer.

No. 316 or No. 317. Price, \$70.

Fixed Key Arrangements.

No. 316.

Any amount from 1c to 59c
can be recorded at one time.

No. 317.

Any amount from 5c to \$1.95
can be recorded at one time.

The above register is operated by pressing down one or more keys, and does 9 things in one second:

1. Drops the indicator.
2. Raises another.
3. Rings a bell.
4. Unlocks cash drawer.
5. Throws it open.
6. Adds sales in one total.
7. Prints amounts on detail-strip.
8. Adds 1 to total on "Customer" counter.
9. Resets mechanism for new record.

With the detail-strip you can trace sales, detect mistakes, and settle disputes. Figures on the self-totaling counter show you, at a glance, how much money should be in your cash drawer.

We recommend this register for certain kinds of business because it furnishes loss-preventing information which you can get in no other way. Have our agent explain all of its benefits to you.

Our registers are guaranteed for two years, but are so well built they should last a lifetime. 296 different kinds of business use them.

Improved Press-down-key Total Adder. Detail-Strip Printer.

No. 346 or No. 347. Price, \$125.

Standard Key Arrangements.

No. 346.

\$7	\$5	\$3	\$1	80	60	40	20	9	7	5	3	1
\$8	\$6	\$4	\$2	90	70	50	30	10	8	6	4	2

Any amount from 1c to \$8.99 can be recorded at one time.
As many as 3 special keys may be substituted for the higher amount keys.

No. 347.

\$6	\$4	\$2	95	85	75	65	55	45	35	25	15	5
\$7	\$5	\$3	\$1	90	80	70	60	50	40	30	20	10

Any amount from 5c to \$7.95 can be recorded at one time.
A special key may be substituted for the "\$7" key.

The above register is operated by pressing down one or more keys, and does 9 things in one second:

1. Drops the indicator.
2. Raises another.
3. Rings a bell.
4. Unlocks cash drawer.
5. Throws it open.
6. Adds sales in one total.
7. Prints amount on detail-strip.
8. Adds 1 to total on "Customer" counter.
9. Resets mechanism for new record.

This register shows you what sales are made in your store, whether you are in it or absent from it. You can tell at a glance how much money should be in your cash drawer.

It enables you to detect mistakes and errors. It tells how many customers are waited on.

No other store system can furnish this information as accurately and quickly as this register does.

Considering what it does, the National Cash Register is the lowest priced machine sold in the world. A "National" never gets tired and never makes mistakes.

Improved Press-down-,key Total Adder. Detail-Strip Printer.

No. 349. Price, \$125.

The above register is operated by pressing down one or more keys, and does 10 things in one second:

1. Drops the indicator.
2. Raises another.
3. Rings a bell.
4. Unlocks cash drawer.
5. Throws it open.
6. Adds sales in one total.
7. Prints amount and kind of sale on one of special transaction counters.
8. Adds 1 to total on "Customer" counter.
9. Adds to total on detail-strip.
10. Resets mechanism for new record.

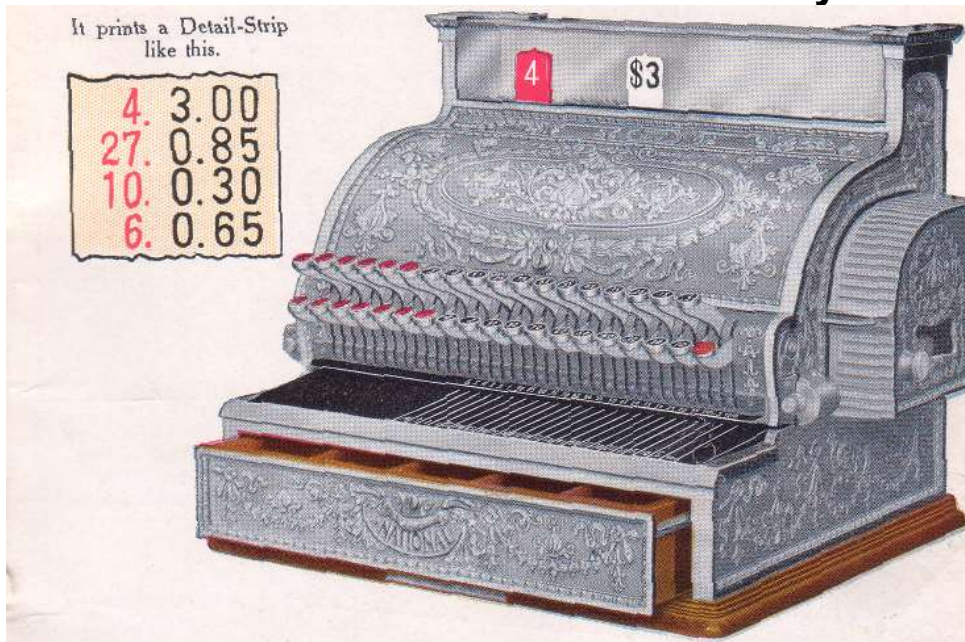

This register was designed especially for bars and cafes.

Figures on the self-totaling counter show you, at a glance, how much money should be in your cash drawer.

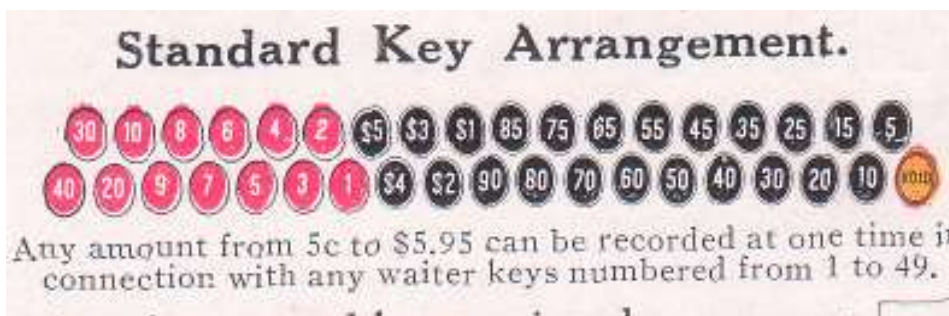

The amount and kind of each and every transaction is printed on the detail-strip. With it you can trace sales, detect mistakes, and settle disputes. The detail-strip has saved hundreds of dollars for many a merchant.

Our registers are as accurate after -years of use as they were ivhen they left the factory. Drop us a line. You will be under no obligation to buy.

Improved Press-down-key Total Adder. Detail-Strip Printer. With Check Printer under the keys.

No. 367-CD. Price, \$225.

The above register is operated by pressing down one or more keys, and does 10 things in one second:

1. Drops the indicator.
2. Raises another.
3. Rings a bell.
4. Unlocks cash drawer.
5. Throws it open.

6. Adds sales in one total counter.
7. Prints amount and waiter's number on detail-strip.
8. Prints amount on guest's check.
9. Adds "1" on "Customer"

Reduced facsimile of the
Receipt, on which this
register prints amount.

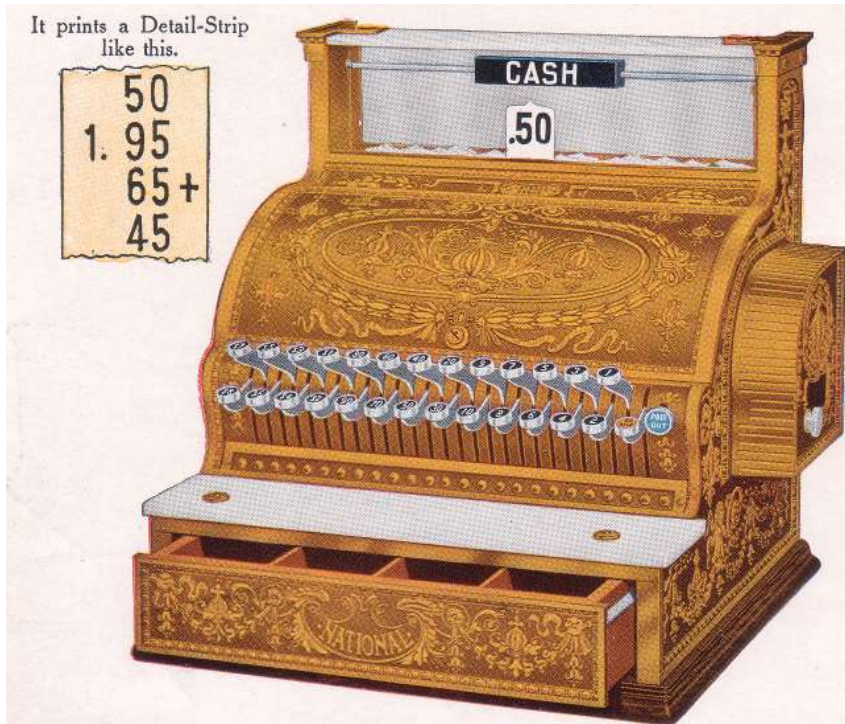

The No. 367-CD is especially designed for checking food served in restaurants and cafes.

Written figures can be changed, but the amounts printed by this register on the guest's check insure

- (1) that the guest pays the correct amount and
- (2) that the proprietor gets all the money due him.

All of our registers are made of the best material by experienced workmen, and are thoroughly tested. An up-to-date "National" will help you get all your profits

**Improved Press-down-key Total Adder. Detail-Strip Printer.
With two self-totaling counters.**

No. 346-2. Price, \$175.

The above register is operated by pressing down one or more keys, and does 9 things in one second:

1. Drops the indicator.
2. Raises another.
3. Rings a bell.
4. Unlock cash drawer.
5. Throws it open.
6. Adds amount in one of two totals.
7. Prints amounts on detail-strip.
8. Adds "1" on "Customer" counter.
9. Resets mechanism for next registration.

This register can be used for keeping separate records of sales made by two clerks, or two classes of records, such as cash and credit.

It enables the merchant to balance his day's business quickly. It tells the number of sales rung up, and furnishes the merchant with a permanent unchangeable record of each and every sale.

All of our registers are made of the best material by experienced workmen and are thoroughly tested,

A "National" will stop mistakes which now drain your profits.
